December 14, 2016

Dear Parent or Guardian,

Oakland Mills Middle School is starting a structured mentoring program for students. The activities will take place primarily during the school day; any after school activities will have a permission slip and information sent out prior to the event. Mentors will be school-based teachers and staff. We anticipate the program will include the following:

- Check in and eat lunch with the student at least once per month
- Check in and review report cards, progress reports, MAP scores etc and provide feedback and guidance
- Set monthly and quarterly academic goals with students
- Check in at least once a month with parents/guardians
- Celebrate student successes/reflect on challenges with students

Please complete the following permission slip - the program will begin upon return to school in January. Please return the form to school by January 9th.

Please contact Mrs. Chrobak or Mrs. Coleman with any questions.

Kind Regards,

Megan Chrobak  
Principal - Oakland Mills Middle School
